3 GREAT VALLEY PARKWAY SUITE 200 MALVERN, PA 19355 P 610.889.3600

## Pennsylvania College of Technology Williamsport, PA

Penn College is a special mission affiliate of Penn State University and is committed to applied technology education. This is the largest building project ever undertaken by the college and includes construction of:

- New 120,000 SF, 275 bed, student housing facility including a showpiece dining hall & kitchen, administrative offices for the Recreation & Residence Life
- 70,000 SF expansion and renovations to the Parkes Automotive Technology Center features new instructional shops; automotive lifts and other enhancements to the instructional environment reflect the industry's move toward computer diagnostics.
- Major renovations and additions to the Avco-Lycoming Metal Trades-Machining Technologies Center with facilities for welding technology and the metallurgical sciences
- 160,000 SF of renovations to the Hager Lifelong Education Center which was retrofitted to accept the Children's Learning Center and Early Childhood development programs, two floors of new classrooms, multi-purpose rooms, and biology and chemistry labs.
- Construction was completed while the buildings were fully occupied with classes in session.
